

## Problem Solving

### Problem Comprehension Questions:

- **Primary Level:**

- What is this problem about?
- Tell me more about \_\_\_\_\_.
- Show me how you counted.
- Can you write that in math language?
- Tell me about your picture.

- **Elementary and Secondary Level:**

- How would you interpret that?
- Would you please explain that in your own words?
- What do you know about this part?
- Do you need to define or set limits for the problem?
- Is there something that can be eliminated or that is missing?
- What assumptions do you have to make?

### Relationships:

- What is the relationship of this to that?
- What is the same?
- What is different?
- What is the central idea?
- Is there a pattern?
- Is there a problem you have previously done that is similar to this one?
- What would the parts be?
- Can you write another problem related to this one?
